- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions	**Eye or muscle twitching**	**Loss of awareness**
Altered vision	**Involuntary movements**	**Disorientation**

- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

⚠WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

⚠WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

⚠WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

⚠ CAUTION - Stylus Use

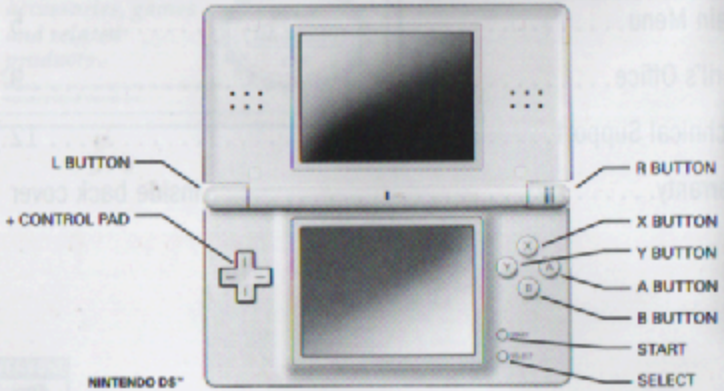
To avoid fatigue and discomfort when using the stylus, do not grip it tightly or press it hard against the screen. Keep your fingers, hand, wrist and arm relaxed. Long, steady, gentle strokes work just as well as many short, hard strokes.

GETTING STARTED

To begin playing, insert the Imagine™ Teacher Game Card into your Nintendo DS™ system and push the Power Button.

From the Nintendo DS menu, touch the Imagine Teacher button to start the game.

CONTROLS



MAIN MENU

Touch the Touch Screen to go to the Main Menu.

Navigate the menus and the game using the DS stylus. Touch the Touch Screen to confirm your choices.

To return to the previous screen, touch the icon in the bottom left-hand corner of the screen.

New Game

To start a new game, select New Game. There must be an empty game slot available or you will have to save over a previously saved game in order to begin playing.

By selecting New Game from the Main Menu, you will access the Profile screen.

To begin a new game, select an empty slot and confirm your choice by touching the icon in the bottom right-hand corner of the screen.

If there are no more empty slots available, you must save over an already saved game by touching one of the saved games. Be careful – this will entirely erase that game!

If you select a previously saved game, you will be asked if you would really like to delete that game and start a new one:

Select Yes to delete the game and start a new one.

Select No to return to the New Game screen.

Continue

To continue a previously saved game, select Continue.

If you're playing Imagine Teacher for the first time, the Continue icon will not be available, since you will have no saved games that you can continue playing.

If you have already played Imagine Teacher, the list of saved games will appear on-screen. Select the game of your choice to continue playing from the half-day in which you last left off. To confirm and load this game, touch the icon in the bottom right-hand corner of the screen.

Options

Languages: To change the language for the game, select Languages and the language selection menu will appear. In this menu, touch your desired language.

Credits: To access the game credits, select Credits.

Drafts: To access the game characters' artwork and drawings, select Drafts.

Multiplayer

By selecting Multiplayer, you can launch a multiplayer game and invite up to 3 friends to play.

To start a multiplayer game, select Multiplayer.

During wireless gameplay, if communication seems to be affected by other electronic devices, move to another location or turn off the interfering device. You may need to reset the power on the Nintendo DS and start the game again.

Host Game

To start your own game and allow your friends to join in, you just need to confirm you want to activate the wireless mode by pressing the OK button. Once your friends have joined your game, you will have to decide which subject mini-game you want to play.

Join Game

To join a game hosted by another player, you do not need to have the Imagine Teacher Game Card. You just have to touch the DS Download Play button from the Nintendo DS menu. You will be taken to a screen listing the devices around you. You may need to wait a few moments before the host you want appears. Highlight the host you wish to join and confirm your selection.

The Nintendo DS of the host will send by wireless all the data you need to play the game.

APRIL'S OFFICE

April's office is the central hub of the game, from which you can go to different places by selecting certain objects with the DS stylus. To highlight the interactive objects, you can tap on the magnifying glass button at the bottom right of the screen.

To go back to the Main Menu, select the door icon at the bottom left of the screen.

Diary

Select the Diary on the left to access your weekly planning. There, you will choose the subjects you want to teach your pupils. A summary of the week's goals, events, and missions given by the parents is displayed as well. To navigate through these goals, events, and missions, use the L and R Buttons.

Office Door

During the day, select the Office Door on the right to give a course to your pupils. Most courses consist of a lesson, an exercise, and, finally, the pupils' work.

Desk

Select the Desk to access the profile of your pupils. From this profile you can see a pupil's motivation, knowledge, nature, and careers.

Cupboard

Select the Cupboard on the left to access your inventory. This is where you can see all of the items in your possession.

From the inventory, you can also go to the shop to buy anything that you need.

Product / Documentation Replacements

Please contact a Ubisoft Technical Support representative directly before sending your product to us. In many cases, a replacement is not the best solution. Our Support representatives will help you determine if a replacement is necessary or available. You will need to first acquire an RMA (Return Materials Authorization) number to process your return or replacement. Without an RMA number from a support representative, your replacement request will not be processed.

If we determine a return or replacement is necessary:

Within the 90-Day Warranty Period

If the product was damaged through misuse or accident (cracks, scratches), or if you do not have a dated sales receipt, then this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period.

After the 90-Day Warranty Period

Please return the product (media only) along with a check or money order for the amount corresponding to your product (see replacement fees below) made payable to Ubisoft, a brief description of the difficulty you are experiencing, including your name, address (no PO boxes), RMA number, and phone number to the address below.
